

Family Law Financial Experts

FINANCIAL CLARITY FOR LIFE'S MOST CHALLENGING TRANSITIONS

At Sorren, we understand that family law matters involve more than legal issues. They often require complex, financial analysis, objective insight, and clear communication to help clients and attorneys navigate difficult decisions with confidence.

Whether assisting with business valuations, support calculations, asset tracing, or forensic investigations, our professionals bring the experience and analytical rigor necessary to uncover the financial facts that matter most. We transform complex financial information into clear, defensible conclusions that support negotiation, mediation, settlement, and litigation.

When financial questions become complicated, Sorren provides the clarity needed to achieve informed and equitable outcomes.

FAMILY LAW SERVICES

Division of Assets & Debts

- Identify, classify, and analyze marital and non-marital assets and liabilities to support proper distributions of property.

Business Valuation

- Determine the value of closely held businesses, professional practices, ownership interests, and other complex assets involved in divorce proceedings.

Income Analysis

- Analyze compensation, business earnings, investment income, benefits, and earning capacity to support financial determinations.

Expense Analysis

- Evaluate historical spending patterns and standards of living to assist with support and lifestyle analyses.

Fund Tracing

- Trace separate and marital funds through bank accounts, investment portfolios, business interests, and real estate holdings.

Alimony Analysis

- Assess financial need, ability to pay, and relevant economic factors through comprehensive cash flow and financial analysis.

Child Support Analysis

- Provide accurate income and financial resource analyses to support child support determinations.

Forensic Accounting

- Investigate hidden income, undisclosed assets, dissipation of marital assets, unusual transactions, and other financial irregularities.

Marital Balance Sheet Preparation

- Develop clear and comprehensive marital balance sheets that assists attorneys, mediators, and courts in evaluating settlement options.

Expert Witness Testimony

- Provide objective expert opinions and testimony in depositions, mediations, arbitrations, and court proceedings.
